

What PUNISHMENT means to me

Putting me in a corner doesn't teach me to behave.

Using me as a bad example doesn't make me feel good.

Natural reinforcement is what I need to work towards.

I have feelings too and one of them is anger towards you.

Self destruction is not the answer.

Help me become a better person.

My home life is not my fault.

Encouraging comments can be useful.

No is not the only answer.

Talk to me, not at me.
